Juniors Admire Rings

This is the most important event in a Junior's school year. Juniors receive their rings before the school day begins. Then during school hours they go around yelling "See my class ring!" During class, when the teacher calls on them, they hold up their ring finger and hope that they can remember what the question was after dreaming about who to give it away to.

Strives for Perfection

This year's Revista Staff tried to publish a better yearbook. Under the supervision of Mr. Atkins, they worked hard to recreate this year's happenings in and around the school. The yearbook staff consisting of nine Seniors and one Junior produced the annual, which is published by Taylor Publishing Company, while they studied the basic fundamentals of Journalism.

Before any organization is permitted to start a project, the student Council must meet, and grant their permission to carry it out.

The United Nations Club is in its third year of existence. The members, under the direction of Mr. Buehrer have debated and discussed current world events at its meetings in order to gain a better concept of the working of the U.N.

Varsity cheerleaders demonstrate for the onlooking Reserve cheerleaders.

Watching the clock, waiting for the game to begin. It's horrible! We cheerleaders starve, go half out of our minds and all but get sick waiting for the buzzer to ring for the beginning of the game. But as we cheer and watch our boys, in the end we know it's all worth it.

Reserve

A cheerleader is a person who is filled with enthusiasm and spirit at all times. Before a game it is always hurry, hurry, hurry! Many times it occurs that a cheerleader is in such a hurry that she gets half way to the game before she realizes that she has forgotten something. But no matter what a cheerleader goes through before a game, she is always full of happiness and joy when her winning Bulldog team has a Victory.

Reserves with a great technique!

The 1967 Cross Country Team maintained the winning streak from the previous year to ten straight dual meets. The two losses were disappointing, but did not dim the substantial reputation of Morenci in Cross Country.

This year's team contained just one senior who will be missed next year; Ramon Towne. He is from a family of great runners. Ramon consistently placed first in dual meets, except for a loss in the last thirty yards of the race by two strides. He was the only member of the team to go to the State Finals at Ypsilanti.

Coach: MR. PAUL DENNIS

Boys' State was held at the M.S.U. campus in Lansing from June 14-21. Its main purpose was to help the boys understand the governmental functions of our state.
